

HEATH ROBINSON MUSEUM  
presents...

(RECYCLED) MUSICAL MAYHEM WITH THE JUNK  
ORCHESTRA  
SATURDAY 22 JULY

To complement the Heath Robinson Museum's acclaimed new exhibition "Rejuvenated Junk" exhibition, which runs until 3 September, join us in the Museum Activity Studio on Saturday 22 July for a very special afternoon of recycled musical mayhem!

This all comes courtesy of Mr Junkman and The Junk Orchestra, a wonderful tuned collection of recycled objects rescued from the urban wasteland.

Listen to the performance and join in the workshop... Bring your own recycling material and build an instrument to take home. Become the band – and boogie on down to the recycled beats: from the Twilight zone to foot-stomping fun!

As this is a very popular event, we have scheduled four sessions, with start times 12 noon, 1pm, 2pm and 3pm. So book your place now at [www.heathrobinsonmuseum.org/event/254](http://www.heathrobinsonmuseum.org/event/254)

This event is suitable for all ages.

Items to bring with you for the workshop are: two tins, two yogurt pots, two plastic bottles and one biscuits/sweets tub (small/large).

## About the Rejuvenated Junk exhibition

**Come and celebrate Summer at the Heath Robinson Museum in Pinner, north-west London, with our vibrant, colourful and fun new exhibition for all the family.**

From hats made from tin cans, bags made from ring-pulls and a cheese platter made from a flattened bottle, to woven rolled newspaper baskets and boxes, scoops made from food cans and ear-rings from bottle tops...every object in the exhibition used to be something else. Through ingenuity, imagination and innovation these junk materials have been given a new lease of life....

## heathrobinsonmuseum.org

The first purpose-built museum in Greater London for over 40 years, dedicated to showcasing the work of the world-renowned artist, illustrator, humorist and social commentator William Heath Robinson (1872-1944), opened in October 2016 in Pinner Memorial Park, north-west London. Heath Robinson lived in Pinner from 1908-18, some of the most productive years of his life.

The Museum is delivering:

- A permanent home for the Heath Robinson collection of original artwork and other artefacts
- The only museum dedicated to Heath Robinson, hosting the largest collection of his original works
- In addition to the permanent exhibition chronicling Heath Robinson's life and works, a rolling programme of special themed exhibitions
- For schools, colleges and people of all ages, a comprehensive programme of formal and informal learning: thought-provoking and entertaining, reflecting the style of the man himself.

The West House and Heath Robinson Museum Trust is a registered charity which restored West House in Pinner Memorial Park for community use. The Trust is a partnership between local Pinner people and the William Heath Robinson Trust, custodians of the artist's work.

To develop the new Museum, Trustees received funding from the Heritage Lottery Fund of £1.3m and we extend our grateful and continuing thanks to National Lottery players.
