THE MAKER'S ART

As well as offering a range of products reflecting Heath Robinson's work, the shop sells a selection of one-off items, designed and handmade by acclaimed, locally based artisans and artists.

The Maker's Art is a contemporary range of artworks, jewellery, ceramics and printed textiles that complement the imagination and enchantment of Heath Robinson's work. The makers change every six months, - this is now our sixth group - adding more valuable creative partnerships and creating a distinctive decorative art marketplace at the Heath Robinson Museum

Colette Moscrop trained in fashion design and now creates her own modern patterns, screen-printing them by hand onto natural fabrics. These are transformed into stylish gift ranges including offering sample packs for your own creations. A member of the London Modern Quilt Guild, Colette is a full-time maker and teacher, exhibiting nationally. Her regular Print and Sewing workshops are held in Harrow, NW London. colettemoscrop.com

Colette is our first printed textile Maker and we are pleased to have her designs to support the museum.
