# THE MAKER'S ART

As well as offering a range of products reflecting Heath Robinson's work, the shop sells a selection of one-off items, designed and handmade by acclaimed, locally based artisans and artists.

**The Maker's Art** is a contemporary range of artworks, jewellery, ceramics and printed textiles that complement the imagination and enchantment of Heath Robinson's work. The makers change every six months, - this is now our sixth group - adding more valuable creative partnerships and creating a distinctive decorative art marketplace at the Heath Robinson Museum

Sarah is a member of Dacorum and Chiltern Potters Guild and Herts. Visual Arts Forum. Her ceramic studies started in Amersham 25 years ago and she now specialises in Raku and Stoneware techniques. Sarah has a dedicated studio and her own kiln for producing both functional and non-functional ceramics. The collections can be seen at exhibitions and shows across Hertfordshire. She is also a qualified and practising physiotherapist.
