THE MAKER'S ART

As well as offering a range of products reflecting Heath Robinson's work, the shop sells a selection of one-off items, designed and handmade by acclaimed, locally based artisans and artists.

The Maker's Art is a contemporary range of artworks, ceramics, jewellery and wood that complement the imagination and enchantment of Heath Robinson's work. The makers change every six months, - this is now our eighth group - adding more valuable creative partnerships and creating a distinctive decorative art marketplace at the Heath Robinson Museum.

Giancarlo is passionate about wood. Over the past 20 years, since retiring from a career in catering, he has developed and refined his woodworking skills, which he focuses on woodturning and furniture making. Based in Hatch End, Giancarlo is an exhibiting member of Middlesex Woodturners Association, selling his work at craft fairs and shows. Commissions are welcomed.
