THE MAKER'S ART

As well as offering a range of products reflecting Heath Robinson's work, the shop sells a selection of one-off items, designed and handmade by acclaimed, locally based artisans and artists.

The Maker's Art is a contemporary range of artworks, ceramics, jewellery and wood that complement the imagination and enchantment of Heath Robinson's work. The makers change every six months, - this is now our eighth group - adding more valuable creative partnerships and creating a distinctive decorative art marketplace at the Heath Robinson Museum.

Dil Pryce is a self-taught jeweller who works with sea glass, slate, semi-precious stones and metals. Inspired by the seashore, Dil's range for the Museum, offers both neutral and colourful combinations. Originally a teacher, she also produces painted and mixed media artworks at her Hatch End home.

Her work is sold privately and at contemporary craft fairs.
